

**Mid-Valley Special Education
ESY Parent Transportation Form**

Student Name: _____ Parent Name: _____

Parent Primary Phone: _____ Parent Alternate Phone: _____

____ I will be transporting my child every day of ESY. (Please check.)

Complete the rest of the form ONLY if your child will be picked-up or dropped-off in a location other than your home. If you so not return this form, we will assume that home is the pick-up and drop-off location.

Transportation will be provided for your child to attend ESY. Please complete the information below in order to provide accurate transportation for your child for ESY and return it along with the other information included in the registration packet. Because we realize that summer schedules may vary from school-year schedules, we would like information about pick-up and drop-off locations for each day of the week. If they are the same every day, please mark "same". If you will be dropping off or picking up your child on any of the days, please indicate with "parent pick-up" or "parent drop-off".

- Once these schedules are established, we cannot vary them from day to day. Changes in the routes must be established by MVSEC, 331-228-4873 or through your school office for ESY.
- If your child is absent, you should call the school office where your child attends **AND** the transportation company to report the absence. The companies are identified on the confirmation letter you will be receiving from Mid-Valley. Any questions, call the number above.
- An adult or older sibling must be at home to receive your child (who is under the age of 12, or older, depending on your child's needs) and must be seen by the driver. If no one is home, we will try to make contact with you or your emergency contact. If neither contact is made, a call will be placed to the police department who will stay with your child so that the transportation route can be completed for other students.
- If your child will be attending a summer park district program, please indicate the address and "park district" in the appropriate boxes.
- Transportation is generally provided from a location in the home district and back to a location in the home district. All other requests will be approved by administration.
