Dear Parents,

We are very pleased that Mid-Valley Special Education Cooperative is able to provide your child with special programs and services. Mid-Valley has had a proud 50-year history of service to students with disabilities and their families. Enclosed with this letter are several pieces of information and forms that require your attention.

For each year that your child is in a Mid-Valley Program, you will be receiving registration information from your home district in the summer. Please follow the instructions on that information and return it to the location indicated on the instructions.

At Mid-Valley, we require some of that same information both now and every year in order to have our medical and emergency records accurate. Please take the time to complete and return these forms to your child's case manager or the individual indicated in the letter. We know that this is a little extra work for you, but we want to make sure that every child is safe and as healthy as possible.

Finally, we hope that your child's education is productive and positive. We welcome input from our parents about our services and programs. Please come to our monthly parent group. We'd love to see you there! Also, there's lots of information for parents on Mid-Valley's website at mvse.org.

Again, welcome to Mid-Valley. I hope to see you soon!

Sincerely,

A handwritten signature in cursive script that reads 'Carla Cumblad'.

Carla Cumblad, Ed.D.
