Fax: 331-228-4891

Dear Parents,

We are very pleased that Mid-Valley Special Education Cooperative is able to provide your child with special programs and services for the upcoming school year. Enclosed with this letter are several pieces of information and forms that require your attention.

Although we are trying to simplify the process, in addition to our information and forms, I know that you will be sent registration information from your home district. Please follow the instructions on that information and return it to the location indicated on the instructions. Each year it is important to renew and confirm this information for your home district records. You will also be asked to pay fees at your home school district. If these fees are a hardship, you may contact the individuals identified in the instructions. If you would like to purchase student insurance or are eligible for free/reduced lunches, these forms should be returned to your district.

All of Mid-Valley students need to follow the immunizations and physical requirements of the state. Please follow the instructions on the district information to complete this requirement.

At Mid-Valley, we require some of that same information in order to have our medical and emergency records accurate from year to year. Please take the time to complete and return these forms to your child's case manager or the individual indicated in the letter.

Finally, we hope that your child's education is productive and positive. We welcome input from our parents about our services and programs. Please come to our upcoming family picnic and monthly parent group. We'd love to see you there! Also, there's lots of information for parents on Mid-Valley's website at mvse.org.

I hope you have a terrific summer. We look forward to seeing your child in August.

Warmly,

Carla Cumblad, Ed.D.
